Dear Mr. Frohmuth,

The purpose of this letter is to commend to you the work of Mr. Rocky J. Pipkin of Pipkin Investigations.

Over the course of the last two months I have had the privilege of working with Mr. Pipkin, a private investigator hired by the district. Mr. Pipkin's work was of a confidential nature in investigating personnel involved in alleged illegal issues. At all times, Mr. Pipkin was very conscientious, highly professional, expeditious in completing work, knowledgeable, dependable, and most supportive. He kept me informed, as applicable, and offered pertinent suggestions.

I was most impressed with his sensitivity to and understanding of the importance of student and staff safety. He was instrumental in obtaining support for my school from other law enforcement agencies, and I noted he worked aptly "hand in hand" with them.

I would highly recommend that the district use Mr. Pipkin's services in the future should the need arise. I am confident that Mr. Pipkin and associates will continue to adhere to the highest of professional standards. Finally, I am most appreciative of the overall support of the district and express my most sincere thanks.

Sincerely,

Celeste Cusumano
